

*"I just wanted to pass on my thanks to Ashley for his work last night. I spoke to the client this morning and they were absolutely delighted with the whole event and a big part of that was the disco. He responded really well to a lot of odd requests and everyone was on the floor by the end of the night. I'll **definitely** keep him in mind for again."*

He just "got" my and my guests' taste in music and we just danced all night till the music had to stop. I wouldn't hesitate to recommend Ashley for anyone needing assistance at a function whatever that may be!"*
